Exchange Program for Regional Integration
in East Asia and Europe

EPRIE

Voices of participants

»EPRIE is about...
– connecting people
– creating understanding
– working towards solutions«

Franziska FROEHLICH

»EPRIE has given me an opportunity to reflect on the reconciliation process in East Asia through learning about the European experience.

Although large differences between the two regions make a simple comparison difficult, I learned that civil society played a vital role in the reconciliation process in Europe and I believe that peace education programs like EPRIE can help foster cooperation through interaction of young scholars, who may be key players in our society in the future.«

OAKU Yuko

»EPRIE is a belief that any gap between nations can be bridged; it is a place that gathers different minds for the same aspiration; it verifies the known and sheds light on the unknown.

It has been an unforgettable memory, an inspiring experience, and indeed an honor to have joined the EPRIE family.«
